Re: December 2019 Board Report

## StudentTracker Reports

We have used the StudentTracker project to follow students in their postsecondary enrollments since the 2010-2011 school year. In our initial data file, we went all the way back to the Class of 2004 so we could have historical data from the start. Every November, the National Student Clearinghouse matches our graduates file with current college enrollments and sends us a new report. The new reports, including the Class of 2019 and enrollments from the 2019-2020 school year, are attached.

- After seeing postsecondary enrollment immediately after graduation decline a bit for several years, this may have leveled off.
- 2-year vs. 4-year schools in the immediate fall is about 50-50
- The four community colleges in our area continue to be the most frequently attended
- UW-Platteville is the most popular college outside of the state

## Illinois Report Card Advisory Board

One of my contacts in the curriculum/assessment/data world recently joined the staff of the Illinois Report Card project at Northern Illinois University. His new title is Director of P-20 Initiatives, which includes some work around making sure that the tools available on the Illinois Report Card can be used to support the work being done in schools. One of the first things he has done is to form an advisory group to provide feedback on how the website works and where it can improve. He asked me to be a charter member of the group, and we have already had one meeting to discuss how to improve visuals and if there are some informative views that might be missing.

This project is one of the most important websites in Illinois K-12 education, and I am excited that we have an opportunity to shape its future to meet everyone's needs. In the meantime, visit <https://www.illinoisreportcard.com/> to see what it currently provides.

Respectfully Submitted,
