Oregon Community Unit School District is providing students access to the district's electronic network. This network includes Internet access, computer services, videoconferencing, computer equipment and related equipment for educational purposes. Videoconference

- Videoconferencing is a way that students can communicate with other students, speakers, museums, etc. from other parts of the country and the world. With videoconferencing equipment, students can see, hear, and speak with other students, speakers, etc. in real time.
- Videoconference sessions may be videotaped by district personnel or by a participating school involved in the exchange in order to share the experience within ours or their building or district.
- Students' voices, physical presence, and participation in the videoconference are transmitted to participating sites during each session. Rules and procedures relative to acceptable use and behavior by students apply during all video conference sessions.

- An individual search will be conducted if there is reasonable suspicion that a student has violated this policy or the law. The investigation will be reasonable and related to the suspected violation.

Due Process

- The district will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through the district network.
- If the violation also involves a violation of other provisions of other school rules, it will be handled in a manner described in the school rules. Additional restrictions may be placed on a student's use of their network account.

Limitation of Liability

- The district makes no guarantee that the functions or the services provided by or through the district network will be error-free or without defect. The district will not be responsible for any damage suffered, including but not limited to, loss of data or interruptions of service
- The district is not responsible for the accuracy or quality of the information obtained through or stored on the network. The district will not be responsible for financial obligations arising through the unauthorized use of the network.

Violations of this Acceptable Use Policy

Violations of this policy may result in loss of access as well as other disciplinary or legal action. Students' violation of this policy shall be subject to the consequences as indicated within this policy as well as other appropriate discipline, which includes but is not limited to:

- Use of district network only under direct supervision;
- Suspension of network privileges;
- Revocation of network privileges;

6. School District 220 Chromebook Insurance Terms and Conditions

In these Terms and Conditions, "we," "us" and "our" means Oregon Community Unit School OCUSD. "You" and "your" means the parent/guardian and the student enrolled in OCUSD. The "property" is the Chromebook owned by OCUSD. Upon signing, you are eligible to receive the property at no cost with the following terms and conditions:

Terms: You will comply at all times with the OCUSD Acceptable Use of the Chromebook Guidelines and the OCUSD Acceptable Use of the Internet Policy.

Title: Legal title to the property is held by OCUSD at all times. Your right of possession and use is limited to and conditioned upon your full and complete compliance with these terms. As there is no filtering software placed upon the property, your compliance of these terms may require parental and self monitoring while using outside of OCUSD facilities.

Loss/Damage: If you do not accept insurance and the property is damaged, lost or stolen, you are responsible for the reasonable cost of repair or the replacement value on the date of loss. Loss or theft of the property must be reported to school administration by the next school day following the occurrence. OCUSD is not responsible for assisting with the recovery of any lost or stolen devices. You may be required to file a police report.

Appropriation: Your failure to return the property in a timely manner and the continued use of it for non-school purposes without the consent of OCUSD may be considered unlawful appropriation of the school's property.

Indemnification: The student and parent/guardian release, hold harmless, defend and indemnify OCUSD from any claims, liability or money damages (including attorney fees) brought by a third person, the student or the parents/guardians against OCUSD and related to the student's use of the device or the student's or parents'/guardians' breach of these terms.

If a student is unenrolled from OCUSD for any reason, the protection plan becomes null and void on that date. There are no refunds once this document becomes active on the first day of school or on the subsequent date when the Chromebook is issued after the first day of the school year.

EQUAL OPPORTUNITY AND SEX EQUITY

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact your school's main office.

HARASSMENT

Written, verbal or physical harassment of students by other students/staff is prohibited pursuant to a written policy, a copy of which is on file in the school office. Violation(s) of this policy can be cause for a disciplinary action, including, but not limited to: suspension, recommendation for expulsion, or termination of employment. Criminal and/or civil proceedings may be pursued as well.

Any student or employee who brings a claim of gender discrimination prohibited by federal law under Title IX of the Educational Amendments of 1972 shall attempt to promptly resolve the grievance with their principal. The grievance should be in writing and describe the facts of the situation. The principal or supervisor shall keep a written record of the discussion, provide a copy to the student or employee involved, and render a decision within ten (10) working days.

ACCOMMODATING INDIVIDUALS WITH DISABILITIES

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

ANIMALS ON SCHOOL PROPERTY

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

ENGLISH LEARNERS

The school offers opportunities for English Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain. Parents/guardians of English Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child's placement in, and information about, the District's English Learners programs.

For questions related to this program or to express input in the school's English Learners program, contact Glen Majewski at 815-732-5300.

FINES AND FEES; WAIVER OF STUDENT FEES

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent/guardian to pay fees or certain charges. Students whose parent/guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

FREE AND REDUCED LUNCH PROGRAM

Applications for the Free and Reduced Meal Program are available at www.lunchapplication.com. You will be notified by email whether you qualify. It is important to apply before school starts so your child can, if approved, begin receiving free or reduced lunches from the beginning of the year. You must also have an application on file before the first day of school in order to qualify for fee waivers.

A new application must be submitted each year since the program does not carry over from one year to the next.

Lunch Information

The District uses Meals Plus, a prepaid system for school meal accountability.

- Funds must be deposited into a student's account prior to purchasing any item in the school cafeteria.

PARENT/GUARDIAN CONCERNS

When parents/guardians have questions or are concerned with a classroom issue, they should make an appointment to discuss the matter with that teacher in private. If the issue is still unresolved after this conference, an appointment should be made with the principal. If an issue is not resolved at this level, it may be discussed with the superintendent. Further appeals may be made through the superintendent's office who will act as the liaison to the Board of Education.

PEST REQUIREMENT INFORMATION

Information on the district's pest management system is available upon request from the district office.

PHYSICAL RESTRAINT/CORPORAL PUNISHMENT

Corporal punishment is not used in the Oregon School District. However, school personnel may use reasonable force for self-defense, to protect others, and to protect property.

REQUEST FOR SPECIAL EDUCATION EVALUATION

As part of the district responsibility for Special Education Child Fund, the district requires all requests for special education evaluations be put in writing and addressed to the building principal where your child is enrolled.

RESIDENCY REQUIREMENTS

State regulations require parents/guardians to prove they are residents of the school district annually before their children may attend school. Parents/guardians must provide one example of proof of residency at each school their children attend. Examples of proof of residency include the following: **driver's license, copies of either a current utility bill, auto insurance card, or property tax bill.**

RESPONSE TO INTERVENTION (RtI)

Response to Intervention (RtI) is a term to describe Oregon District 220's multi-tiered approach to the identification and support of students with learning, behavior, or emotional needs. The RtI process begins with high-quality instruction and universal screening of all children. Learners who are not meeting district expectations are provided with interventions at increasing levels of intensity to accelerate their rate of learning or improve their social/emotional functioning. These interventions may be provided by a variety of personnel, including general education teachers, special educators, specialists, or other staff in the building. Progress of these interventions is closely monitored to assess the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions are based on individual student response to instruction or intervention. RtI is designed for use when making decisions in both general education and special education, creating a well-integrated system of instruction and intervention guided by student outcomes.

SAFETY DRILLS PROCEDURE AND CONDUCT

Safety drills will occur at times established by school administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be an evacuation drill, a minimum of one (1) severe weather (shelter-in-place) drill, and a minimum of one (1) bus evacuation drill each school year. Additionally, staff will be trained in additional drills, such as active shooter response. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students unless defined in an educational plan.

SEARCH AND SEIZURE

In order to maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials including searches conducted through the use of specially-trained dogs.

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

SEX OFFENDER & VIOLENT OFFENDER COMMUNITY NOTIFICATION LAWS

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth.

You may find the Illinois Sex Offender Registry on the Illinois State Police's website at:

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police's website at:

SPECIAL EDUCATION STUDENTS AND BEHAVIOR INTERVENTION POLICY

In accordance with P.A. 89-191, which amended the School Code of Illinois, District #220 has a policy and procedures for behavioral interventions for students with disabilities. The policy is provided to parents/guardians of students who are special education students and have an Individual Education Plan (IEP).

Any special education student who violates student disciplinary rules and regulations shall be disciplined in accordance with student handbook disciplinary policies and procedures. If a student has a Behavior Intervention Plan, that plan will take the place, where applicable, of the school's student discipline policy in determining what discipline is administered for a given offense.

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

STUDENT PRIVACY PROTECTIONS

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents/guardians who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

STUDENT RECORDS

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.¹**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also

include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written

consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**
9. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW
Washington DC 20202-8520

If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

HEALTH AND SAFETY: OJSHS

REQUIRED HEALTH EXAMINATIONS AND IMMUNIZATIONS

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Physical exams and immunizations are to be turned in by the first day of school. A student may be denied attendance until these forms are turned in to the school office. All new students coming from out of state are required to have a new Illinois school physical, meet all immunization requirements and will have at least 30 days to comply.

EYE EXAMINATION

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

DENTAL EXAMINATION

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

EXEMPTIONS

A student will be exempted from the above requirements for:

5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

STUDENT MEDICATION

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

SELF-ADMINISTRATION OF MEDICATION

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

ADMINISTRATION OF MEDICAL CANNABIS

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student

attendance at a school solely because he or she requires administration of the product during school hours.

UNDESIGNATED MEDICATIONS

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

EMERGENCY AID TO STUDENTS

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

FIRST AID

All first aid is administered in the school nurse's office, except for minor scrapes that can be handled in the classroom or on the playground. If your child sustains a significant injury or head bump, you will be notified in writing or by telephone. If an injury or illness is significant enough for your child to be taken home, you will be advised about medical follow-up if it is deemed necessary. *It is imperative for families to keep the office updated with current home, work, and TWO emergency phone numbers* so that someone can be contacted if the need arises. Emergency persons should be capable of picking up your child if necessary.

GUIDELINES FOR EXCUSE FROM PHYSICAL EDUCATION

A doctor's note is required to excuse a child from P.E. for more than one day. One-day excuses may be issued for medical reasons based on notes from parents/guardians or the school nurse (a need to be excused for a second day may be approved by the school if deemed appropriate).

HEALTH RECORD INFORMATION

Parents/Guardians are asked to fill out a new Health Record Information sheet each year via electronic format. This form provides important information about your child's health, allergies, special needs, etc. which helps us care for your child's health needs at school. Because children's health changes from year to year, we need to have you fill out a new one at registration each year to keep us up-to-date. If significant changes occur during the school year, please keep your school nurse informed.

Guidelines for keeping your child home:

You as a parent/guardian are the best judge of your child's health. However, we would like to emphasize that unnecessary absenteeism will only make your child fall behind in their classroom studies. Some children complain of not feeling well in the morning, but feel better after being awake and getting fresh air and activity.

Please use the following guidelines to determine the need to keep your child home:

- temperature 100 degrees or over. (Your child needs to be fever free for 24 hours before returning to school).
- diarrhea/vomiting within the past 24 hours.
- undiagnosed rash.
- any contagious condition.

Do not hesitate to call the school nurse if you have any questions.

School guidelines for sending a child home from school early:

- A child will be sent home from school with illness after seeing the nurse or health aide.
- A child is automatically sent home if a fever is present.
- If a child has vomited.
- Other severe cases.

All available phone numbers provided to the school may be used in an attempt to contact parents/guardians.

LICE

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents/guardians are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent/guardian.
3. The school will provide written instructions to parent/guardian regarding appropriate treatment for the infestation. All absences beyond one day due to lice or nits will be subject to the unexcused absence policies.
4. A student excluded because of head lice will be permitted to return to school only when the parent/guardian brings the student to school and accompanies him/her to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.
5. It will be kept as confidential as possible, but other children that associate closely with those affected may be checked.
6. The 2nd day of school absent from a single case of lice will be an excused absence.

REPORTABLE COMMUNICABLE DISEASE

Chickenpox, strep throat, scarlet fever, measles, impetigo, pinkeye, lice, and scabies must be reported to the office or school nurse. Your child should not be in school with any of these conditions until they are properly treated and non-contagious. Ringworm should not keep a student out of school, but must be covered if in an area that may come in contact with other children's skin.

RETURN TO LEARN PROTOCOL FOR STUDENT CONCUSSION

Concussion symptoms may range from mild to severe and can take a few days to several weeks to heal. We all take precautions to assure that your student is getting the best individual plan, while healing from the concussion at school. Our Return to Learn Protocol is in place to help the student, parent/guardian, coach, and all educational personnel to follow the plan that is created by the concussion team. This team consists of a school nurse, counselor, athletic trainer, athletic director, and a physician. We follow the Physician orders as well as use many other accommodations to help your son/daughter progress back to a full workload at school, while keeping symptoms to a minimum. Our priority is the student's health and need the full cooperation of the parent/guardian and student through this process. Families will be asked to give consent to OCUSD #220 staff to disclose information with appropriate persons, consistent with the Federal Health Insurance Portability and Accountability Act of 1996, including but not limited to, the nurse, teachers, counselors, coaches, athletic trainer, athletic director, and a treating physician.

A copy of the Return to Learn protocol can be obtained in the school nurse's office.

CARE OF STUDENTS WITH DISABILITIES

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building/district nurse. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the school nurse/building principal.

STUDENTS WITH FOOD ALLERGIES

State law requires our school district to annually inform parents/guardians of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse/building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the support your student needs to access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

ACCOMMODATING BREASTFEEDING STUDENTS

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

1. Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
2. Permission to bring onto school campus a breast pump or other equipment used to express breast milk.
3. Access to a power source for a breast pump or any other equipment used to express breast milk.
4. Access to a place to store expressed breast milk safely.
5. Reasonable breaks to accommodate the student's need to express breast milk or breastfeed an infant child.
6. The opportunity to make up work missed due to the student's use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to the District's Complaint Manager or Non-Discrimination Coordinator.

SCHOOL OPERATIONS DURING A PANDEMIC OR OTHER HEALTH EMERGENCY

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents/guardians are responsible for assuring the participation of

their child. Students who do not participate in blended or remote learning will be considered truant.

4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents/guardians will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents/guardians and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents/guardians should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

SUICIDE DEPRESSION AND AWARENESS PREVENTION

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent/guardian resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

ATTENDANCE INFORMATION: OJSHS

With few exceptions, there is a direct correlation between attendance and school performance. With that in mind, and also in consideration of principles such as responsibility, dependability, maturity, etc., students should strive for good attendance. Whether an absence is excused or not, students lose

indispensable educational advantages when they are absent. In an effort to maintain a quality education and good attendance levels, Oregon Community Unit School District 220 has enacted the following policy:

The family of any student in District 220 will be contacted when the student has been absent a total of seven (7) days in the current school year. Following a total of ten (10) days absence, a second notice to attend will be sent in an effort to improve attendance. For students who have been absent for ten (10) or more days in a school year, the school may require a physician's note to be submitted to the office within 24 hours of a student's return in order for these absences to be considered excused. Medical notes must state that the student has been seen by a physician, list the specific days that a student is excused from school, and include the physician's signature. Should a parent/guardian choose not to secure a medical excuse, the absence will be considered unexcused.

Upon a student's third (3) unexcused absence (truancy) during the current school year, the student will be referred to the Regional Office of Education #47 Truant Alternative Program (TAP) for a one-time intervention. Upon a student's fifth (5) unexcused absence (truancy) during the current school year, a full referral will be made to the Regional Office of Education #47 Truant Alternative Program (TAP).

ATTENDANCE LAW

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

STUDENT ABSENCES

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

ATTENDANCE REPORTING PROCEDURE

In the event of any absence, the student's parent/guardian is required to call the school at 815-732-5300 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to have a parent/guardian call or email the school explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

MENTAL HEALTH DAYS

Students are permitted to use five days each school year as designated mental health days. Once a student has reached two days used in a school year, a counselor or social worker will reach out to the student. Once three or more days have been used, a plan will be created to support the student.

PRE-ARRANGED ABSENCES/VACATIONS

For a pre-arranged absence, a parent/guardian must call the office prior to the absence. The student is then responsible to obtain a pre-arranged absence form from the office that must be approved by OJSHS administration prior to leaving on said trip. Work missed during an absence must be completed upon a student's return to school, or at the classroom teacher's discretion.

Oregon Junior-Senior High School discourages parents/guardians from taking family vacations during periods when school is in session. Such vacations may disrupt the continuity of a student's learning and create educational problems.

Students who request an excused absence due to a family vacation must follow the pre-arranged absence procedure described above.

Students absent or on vacation during final exams will be allowed to take exams upon return. No exams will be permitted prior to the absence.

RELEASE TIME FOR RELIGIOUS INSTRUCTION AND OBSERVANCE

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian should give written, electronic, or verbal notice to the school attendance secretary at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

MAKE-UP WORK

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are absent for any reason should meet with their teachers upon returning to school to set up a plan for make-up work. While absent, work can also be completed via the student's Schoology account.

SHADOWING/VOCATIONAL ACTIVITIES/COLLEGE VISITS for HIGH SCHOOL STUDENTS

Students requesting job shadowing/vocational visits must follow the pre-arranged absence procedure described above. A total of four (4) such visits may be granted for each student to be used anytime during their Junior/Senior years. Any exceptions to the policy must be approved by the administration.

TRUANCY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer.
- Reporting to officials under the Juvenile Court Act.
- Referral to the State's Attorney.
- Appropriate school discipline.

A student who misses 15 consecutive unexcused days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent/guardian who knowingly and willfully permits a child to be truant is in violation of State law.

UNEXCUSED ABSENCES

Some examples of unexcused absences, according to state and/or local regulations, are as follows:

- Incarceration.
- Missing the school bus.
- Obtaining driver's license.
- Trips not approved.
- Photography sessions.
- Leaving school w/o permission.
- Shopping.
- Absence not verified by parent/guardian call or note.
- Leaving an assigned area without a note/permission.
- Car accident (unless police report is produced and/or parent/guardian visit to the office for verification of the incident).

- Gainful employment.
- Babysitting.
- Birthdays.
- Oversleeping.
- Hair appointments.
- Car trouble.

Please be advised that if OJSHS administrators receive proof that a student absence has been falsely reported as “excused,” that absence will be reclassified as “unexcused” and appropriate discipline for unexcused absences will apply.

ATTENDANCE AND CO-CURRICULAR ACTIVITIES

To be eligible to participate in practices or scheduled competitions, students must be in attendance for the second half of the school day. Students must report by 11:00 a.m. in order to be in attendance for half of the day. If students arrive after 11:00 a.m., any extenuating circumstances must be approved by the Activities Director before being allowed to participate.

If a student is ill and must stay home from school or must leave school due to illness, the student may not engage in practice or events. Students who attempt to circumvent this policy to participate will face the following consequences:

1st offense: warning.

2nd offense: suspended from the activity for 7-calendar days or through the next competition/performance (whichever involves the fewer number of days) and will be counted unexcused that day for the first offense.

3rd offense: a 21-calendar-day suspension or from the next three competitions/performances (whichever involves the fewer number of days), and will be counted as unexcused for that day.

4th offense: suspended for the remainder of the season and be counted as unexcused that day.

CLOSED CAMPUS

No student will be allowed to leave the school grounds without the permission of administration. In the event that a student must leave school during the day, written, electronic, or verbal notice from a parent/guardian must be presented to the office. Students may not leave the building for lunch.

MEDICAL APPOINTMENT DOCUMENTATION

The parent/guardian of any District 220 student may be contacted when the student has been absent a total of 5 school days due to illness or other medical circumstances.

When a student has been absent more than 7 days, administrators may require that future absences require a medical statement from a doctor or the school nurse in order for future absences to be excused.

When a student is absent for 10 days, an individualized attendance improvement plan may be implemented that requires medical documentation to excuse any further absences.

*An attendance improvement plan can be carried into the next school year. A letter will be sent out in July to the parents/guardians of students who will continue with the attendance improvement.

HOME AND HOSPITAL INSTRUCTION

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact the main office.

TRANSPORTATION AND STUDENT PARKING: OJSHS

BUS TRANSPORTATION

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. Parents/guardians will be notified of pick-up/drop-off locations and times for the student prior to a student's first day of school. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent/guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the Oregon School District Transportation Department.

BUS CONDUCT

Students are expected to follow all school rules when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

BUS PASSES

When your child needs to ride a bus they normally do not ride, a written request must be sent with your child to serve as a bus pass. The bus pass must be signed in the office before your child will be allowed onto the different bus. Students who normally do not ride the bus will not be permitted to ride without proper authorization. Allowance of non-bus riders will be determined by the transportation department each school year.

STUDENT PARKING

Students may park their vehicles in the lot designated for students. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated student parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots designated by administration for school staff, personnel, and others MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

ALL VEHICLES PARKING ON SCHOOL GROUNDS MUST HAVE A VALID PARKING PERMIT. IF A STUDENT USES MORE THAN ONE VEHICLE, THAT PERMIT MUST BE PLACED IN THE VEHICLE DRIVEN TO SCHOOL THAT DAY. THE OREGON POLICE DEPARTMENT HAS BEEN INSTRUCTED TO TICKET ALL VEHICLES NOT DISPLAYING CURRENT VALID PERMITS. STUDENTS WHO REPEATEDLY VIOLATE SCHOOL PARKING RULES WILL HAVE THEIR VEHICLE TOWED.

Permits may be purchased through the Oregon Junior-Senior High School main office for \$35. Replacement fee for a lost permit is \$15.

Administration has the right to search cars parked on school property, confiscate illegal substances, weapons or stolen property, and discipline the offending driver and/or passenger(s).

BICYCLES

Students who ride bikes to school must put them in the racks provided. The school will not be responsible for damage to or theft of parts or bikes. Needless to say, the best insurance is a lock and chain that are used in such a way as to prohibit the removal of a wheel, etc.

STUDENT INVOLVEMENT AND ACADEMIC INFORMATION: OJSHS

SCHOOL SONG (LOYALTY)

We are the red and white of Oregon
And we will raise our colors high
Stand up and give a cheer for Oregon
Let the team hear our battle cry, Rah! Rah!
Oh, we will fight, fight, and fight for Oregon
And we will win, win, win this game
For as the Hawks go striking down the field/floor
We will cheer them on to fame.

JUNIOR HIGH SCHOOL POLICIES

ACADEMIC SCHEDULE

All students will be enrolled in a complete, basic program of study during their two years. The following courses are required of all students: English/Language Arts, Mathematics, Social Studies, Science, and Physical Education. Students will also have an opportunity to take two periods of elective classes, including an assigned enrichment and intervention for students who need this support. All students will be assigned a Hawk Huddle period for study hall and intervention.

GRADE REPORTING

Students will receive a grade report card at the end of each nine-week period. All courses, with the exception of Art and Health, will yield a course grade for each semester. Art and Health will receive nine week course grades. Course grades will be recorded on the student's permanent record card. The letter grades and connotations are:

"A" Excellent

"B" Good

"C" Average

"D" Poor

"F" Failure to meet minimum standards

The grading scale at Oregon Junior High is as follows:

A 95 - 100	C 74 - 76
A- 90 - 94	C- 70 - 73
B+ 87 - 89	D+ 67 - 69
B 84 - 86	D 64 - 66
B- 80 - 83	D- 60 - 63
C+ 77 - 79	F 0 - 59

Progress reports can be viewed on PowerSchool at any time. Students that carry a D and/or F will receive a phone call home each week on Thursdays. These reports may reflect any and all levels of student performance.

WEIGHTED GPA FOR HONORS CLASSES

1. Each student in an honors class will get a bump of .5 point on GPA as they do at the high school level.
2. Students that are achieving a D or F cumulative for the semester can be placed back in the "at grade level" class. Teacher discretion can be observed in unusual situations for other placement.

JUNIOR HIGH HONOR ROLL

At the end of each quarter, three rolls will be prepared. The "High Honor" list will comprise students earning a 3.85 and above grade point average. The "Honor Roll" will name students earning a 3.40 through 3.84 GPA. The "Honorable Mention" list will show students with a GPA of 3.00 through 3.39. All graded classes are included in the determination of honor roll students, including PE; each course counts as a full attempt except for study hall, homeroom, enrichment, band and choir.

In the calculation of GPA:

A: 4.0	A-: 3.67	B+: 3.33	B: 3.0	B-: 2.66	35
C+: 2.33	C: 2.0	C-: 1.66		D+: 1.33	
D: 1.0	D-: .66	F: 0			

LATE HOMEWORK

Because homework assigned is an integral part of assisting students in comprehending an essential outcome as determined by our curriculum, turning in homework late is a discouraged practice at the junior high school. Teachers will develop a late homework policy, which does not violate handbook procedures, and communicate this policy to their classes. Students may receive various interventions in order to provide time and incentives to complete work.

PHYSICAL EDUCATION EXEMPTION REQUIREMENT

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

PROMOTION AND RETENTION

Junior High students must demonstrate academic skill development as well as appropriate behavioral and social skills in order to be promoted to the next grade. A celebration may be held for successful eighth graders at the end of the school year, but participation is optional. If the celebration is held and the student chooses to participate, standards of dress and behavior will be in effect. The celebration event may be denied at any time for reasons of improper behavior. Students who demonstrate deficiencies in academic skill development and/or behavioral/social skills may be required to attend mandatory summer school and/or be retained. Our Student Assistance Team (SAT) will then convene for the purpose of developing a plan consisting of appropriate interventions for the student and family as a means of addressing those deficient skills. Additionally, and depending upon circumstances, extreme absenteeism may be a factor in the decision to retain a student. Eighth graders who are not promoted may not participate in the promotion celebration.

HOMEWORK REQUESTS

If a student is absent, he/she will be able to make up the work upon return to school. Student assignments are found online in Schoology, or hard copies may be provided for non-electronic assignments.

COUNSELING AND GUIDANCE OFFICE (OJHS)

Our school counselors and a social-emotional interventionist are available to help students work through problems and to help guide them through various matters. The student should indicate the desire to see the counselor, who will then set a meeting time least disruptive to student learning.

GEOGRAPHY BEE

Each year one student from the junior high competes with other regional winners in the national geography bee competition. Winners at the state level competition advance to the national competition in Washington, D.C.

SPELLING BEE

Each year one student from the junior high competes with other regional winners in the national spelling bee competition. Winners at the regional level competition advance to the national competition in Washington, D.C.

STUDENT COUNCIL/ACTIVITIES/CLASS TRIPS

Students that follow school rules will be rewarded by being permitted to participate in special activities planned throughout the school year. Students have signed for the handbook therefore demonstrating an understanding of expectations. Students will not be permitted to attend a class trip, celebratory or student council sponsored activities if they have accumulated excessive referrals. Additionally, a student's poor

academic performance may be cause for not being allowed to participate. Staff has the discretion to determine eligibility of a student based on reasonable circumstances. Students and parents/guardians will be notified when a student has not met the requirements to participate in the activity.

HIGH SCHOOL POLICIES

GRADING AND PROMOTION

School report cards are issued to students on a **semester basis**. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

GUIDANCE AND COUNSELING (OHS)

The school provides a guidance and counseling program for students. The school's counselors and social emotional interventions are available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

EARLY GRADUATION

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted in final draft form to the building principal prior to October 1st of the student's seventh semester.

Early graduates must make arrangements with the high school office for anything pertaining to the graduation ceremony (i.e. announcements, cap and gown rental, graduation practices, etc.).

Any student enrolled in an off-campus course to fulfill graduation requirements must show documentation of such course(s) by the last day of the seventh semester. Failure to produce this documentation will result in denial of the early graduation petition.

The student and a parent/guardian will schedule a conference with the Principal and the senior counselor prior to September 1st of the student's seventh semester. At the conference the student should be prepared to justify their request to graduate early.

FINAL EXAMS

An exam or final assessment may be given at the end of each term by each teacher individually. An incomplete may be administered temporarily until a final exam has been completed for students absent during the test or due to absences at the end of a term. Arrangements will be made individually with the teacher and the counseling office.

GRADE POINT AVERAGE (OHS)

The overall GPA is based on final semester grades, not quarter grades. The only exclusion from determination of overall GPA is driver's education.

The basic GPA would be determined by the same letter grade point method:

Reg/Basic Level	Honors Level	AP/College Level
A = 4	A = 4.50	A = 5
A - = 3.67	A - = 4.17	A - = 4.67
B+ = 3.33	B+ = 3.83	B+ = 4.33
B = 3	B = 3.50	B = 4
B - = 2.67	B - = 3.17	B - = 3.67
C+ = 2.33	C+ = 2.83	C+ = 3.33
C = 2	C = 2.50	C = 3
C - = 1.67	C - = 2.17	C - = 2.67

D- = .67	D - = 1.17	D - = 1.67
F = 0	F = 0	F = 0

Letter grade point method for approved college and Advanced Placement courses: A=5.0; B=4.0; C=3.0. After a C (C-) the student reverts to the standard grade point method and is in imminent danger of being dropped from the course. Students in honors courses will receive .5 grade points per full credit.

All approved college courses taken by students will be counted as dual credit and will be calculated into the student's GPA however, students taking correspondence courses will not have those courses counted as dual credit.

PASS/FAIL CLASSES

Courses that are designated as Pass/Fail will have a 70% benchmark to successfully complete the course. A passing grade will not impact the student's GPA. If a student does not meet the benchmark for passing this course, the student will receive a F and that grade will negatively impact the GPA. Minimal courses have this designation; otherwise, this option must be approved by the teacher and administration.

GRADING SCALE

This scale shall be used by all teachers in determining students' grades:

94.50-100 A	91.50-94.49 A-	88.50-91.49 B+
85.50-88.49 B	82.50-85.49 B-	79.50-82.49 C+
76.50-79.49 C	73.50-76.49 C-	70.50-73.49 D+
67.50-70.49 D	64.50-67.49 D-	0.00-64.49 F

WEIGHTED GRADES

In order to recognize and report differences in achievement and effort, the district utilizes a grade weighting system according to course level. Every student will receive period grade reports each semester. The only grades maintained in the school's permanent record and used to determine class rank are those shown as final semester grades. Both the weighted and unweighted systems are used to compute the Honor Roll. Grades earned in the two levels shall receive the following weights:

Regular/Basic Level	Honors Level	A.P./College Level
A – 4.0	A - 4.5	A – 5.0
B – 3.0	B - 3.5	B – 4.0
C – 2.0	C - 2.5	C – 3.0
D – 1.0	D - 1.5	D – 1.0
F – 0.0	F - 0.0	F – 0.0

Classes that are weighted include: Honors Geometry, Honors Algebra II; Honors Pre-Calculus, Honors Physical Science, Honors Earth and Space Science, Honors Life Science, Honors Chemistry; Human Anatomy and Physiology; Honors English I; Honors English II; Physics; Honors World History, Honors Civics, American Studies, Honors Health, Honors Band, Honors Choir, all Advanced Placement Courses; all approved Dual Credit Courses; all approved college classes.

A course taken off-campus will not count towards graduation credit if an equivalent course is offered at the high school. A dual credit course taken during the summer will not count towards graduation credit.

GRADE REPORTING

Progress on a student's grade can be obtained by visiting the online parent/student portal. A virtual report card will be made available at the conclusion of every grading term.. A student has 14 days after the end of each grading period to contest the grade assigned by the teacher. The appeal must be received by the office in writing before the 14-day period expires.

GRADUATION HONORS

Academic achievements at graduation will be recognized with a category system based on the following three categories:

Summa Cum Laude: 4.0 and above

Magna Cum Laude: 3.75-3.99

Cum Laude: 3.5-3.74

Graduation speakers will be selected from two groups: 1) Those graduating Summa Cum Laude 2) Those students who have completed the most community service during their high school careers. Speakers will be selected by a staff/peer group.

Any student during their senior year who is applying for either a scholarship or to a college/university and is required to submit their class rank, that rank will be provided by the OJSHS counseling office for those purposes only.

At graduation, each group will be recognized in the program, with special cords/ribbons and will be asked to stand as each group is recognized.

HONOR ROLL

Students at Oregon High School are recognized for academic honors based on grade point average (GPA) at the end of a semester grading period. Students will receive Honorable Mention with a semester GPA between 3.0 and 3.49, Honor Roll with a semester GPA between 3.5 and 3.99, and semester High Honor Roll with a GPA over 4.0.

OREGON JUNIOR-SENIOR HIGH COMBINED POLICIES

SCHEDULE CHANGES

Schedule changes prior to the start of a semester may be made in June or August (for the fall and spring semesters). Once a semester has started, students will be given two days to make a **valid** class schedule change.

A **valid change** is to drop a class you have not met the prerequisites for or to add a more difficult class. Changes may also be made at the request of the teacher. Changes are not allowed under the following circumstances: *personality conflict with instructor; enroll in a section with one's friends; rearrange schedule to have classes in the order of preference.*

The master schedule is built based on course selections students make in the spring. Staffing, textbooks and equipment needs are determined based on student course selections. It is extremely important for students to review their course selections with their parents/guardians and make sure they are aware of the requests.

SCHOOL INTERVENTION PROGRAM

Oregon Junior-Senior High School will provide a school intervention program for students requiring additional support. Supports include, but are not limited to, assistance with making up missed assignments, re-testing, or a space for students needing a break from a class period. All school policies, including the school-wide cell phone policy, will be implemented in the School Intervention Program. Students unable to manage behaviors in the classroom will be sent to the office.

STUDENT LOCKER PROCEDURES

Students who wish to request a locker may do so in the main office. Oregon Junior-Senior High School reserves the right to inspect the contents of all hall and locker room lockers. The student will then report to each teacher in turn to turn in their books, pay any fines, dues, etc. and then return the completed form to the office for final settlement. Should the textbook be damaged in any way, the student will be charged by the library.

It will be up to the teacher to check the student out of their course and indicate any monies due on the withdrawal sheet. No student will be cleared through the office until cleared through all their teachers and classes.

If a student enters during the first semester, the full fee is charged. If the student enters school after the first semester, ½ the fee is charged. Refunds will be handled on the same basis. No refunds will be given to any student who drops out of school who does not transfer to another school.

OREGON JUNIOR-SENIOR HIGH SCHOOL STUDENT CODE OF CONDUCT

ATTENDANCE INTERVENTIONS

Students should be to school and all classes by the tardy bell. Being on time is a lifelong skill that carries into post-secondary education and jobs. Students will have an opportunity to be unexcused without disciplinary consequence for several warnings each semester. These warnings will be documented and emailed to students/parents.

Quarter Classes:

Students will be given a verbal warning at 1 tardy to a single class, and after a 2nd tardy to that same class, a detention will be assigned. This will reset at quarter.

Semester Classes:

Students will be given a verbal warning at 3 tardies to a single class, and after a 4th tardy to that same class, a detention will be assigned. This will reset at quarter.

Extreme tardiness to classes may result in additional interventions, including social suspension from events such as school dances and evening events.

Cut Class Period:

1st - 3rd Cut Period Detention, Conference with Dean, Parent/Guardian Collaboration
4+ Cut Periods Parent or Guardian/Team/Student Circle, Attendance Plan
 Created, Tier 3 Intervention

Truancy:

All cases Parent/guardian collaboration with School Team
 Communication with Truancy Officer (if on caseload)
 Utilize Tier 2 and Tier 3 interventions

Attendance interventions will reset at semester outside of truancy. Truancy files are created on annual basis and may carry over from year to year.

BEVERAGES/FOOD

Teachers will have individual classroom policies related to food and beverages in the classroom. Students cannot bring glass containers. Students cannot bring outside food into the cafeteria not packed at the start of the day per lunchroom policies. If a student comes in late from an appointment with carry-out food, it can be consumed in the main office before going to the lunchroom. Parents, guardians, and other friends/family members should not bring outside food into the school once the school day has started.

EDUCATIONAL/EXTRACURRICULAR FIELD TRIP ELIGIBILITY

Field trips are an important component to a child's education and are considered a part of the school day. Students will be bussed to and from field trips using district transportation. If the field trip concludes at the end of the school day, parents/guardians who attended the event as chaperones may sign out their child in writing and transport the child home if they wish. Students may ride home only with a parent/guardian. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written permission from a parent/guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;

Upon entering a classroom, cell phones should be put inside the class locker. Other electronic devices (including air pods and headphones) should be stored away in a backpack. A teacher may permit student use of these items for classroom activities to be used with student Chromebooks, otherwise, all should be kept out of sight at all times. Violation count will reset at semester for main office technology violations.

Students with an approved medical situation may be granted separate permission to have their phone on their person.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

BOOK BAGS/PURSES/DUFFLE BAGS

Students may use a backpack during the school day. If a teacher feels a backpack is too large for the class, then it must be approved by administration for the student to continue using it.

BUILDING CONDUCT

If there is any doubt about dress and appearance, the building principal will make the final decision. Administration may consult with students who are violating these policies providing warnings or require a student to change, or students may be subject to a conference or discipline referral.

Additionally, alternative dress codes may be issued for special events such as dances, spirit weeks, and/or field trips. These special dress codes will be issued well in advance of the date for the event.

CHEATING AND/OR PLAGIARISM

Using the guidelines established by the Modern Language Association (MLA), students must provide documentation for the following in their academic work: charts, diagrams, graphs, direct quotations, examples and anecdotes, paraphrased information, statistics, and any information not considered common knowledge. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing or via Safe School Helpline at: <https://www.safeschoolhelpline.com/>, by calling (800)-418-6423 ext 359, or text "TIPS" to 614-426-0240.

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or

 2. Creating an intimidating, hostile, or offensive educational environment;
 3. Depriving a student of educational aid, benefits, services, or treatment; or

The terms intimidating, hostile, and offensive include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Making a Complaint

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence or any other prohibited conduct to the nondiscrimination coordinator, building principal, assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

OREGON CHEMICAL USE POLICY

Oregon School District #220 believes the health and well-being of students is of vital importance. Our primary goal is to educate "the whole person" within a safe, caring and supportive learning environment.

Oregon School District #220 recognizes that the use of alcohol and other illegal and inappropriate chemical substances is a serious problem in our society. Use of these chemical substances may impair physical, mental, social and emotional development in children and adolescents. A young person's chemical use can have lifelong consequences, compromising development as a "whole person".

Furthermore, chemical dependency is a chronic, progressive and life-threatening disease characterized by denial, and children and adolescents become addicted more quickly than adults. Consequently, we

strongly believe that our students should not use alcohol or other illegal or inappropriate chemical substances.

Accordingly, appropriate consequences for behavior shall be an integral part of our educational program.

The Oregon School District #220 Board of Education is committed to sharing with parents/guardians and the school community the responsibility of dealing with these serious chemical use issues. Therefore, the Board of Education shall assume the responsibility of monitoring the development and implementation of appropriate programs by the school district's administration and staff.

ADMINISTERING THE POLICY

In response to the school board policy above, the administration at Oregon Junior-Senior High School will impose the following consequences with the sole intent of providing a healthier and safer school environment for our students.

"Look-alike" drugs mean a substance, other than a controlled substance, which by overall appearance including shape, color, size, markings, or lack thereof would lead a reasonable person to believe that the substance is an illegal drug. Furthermore, if a person expresses or implies a substance to be a drug and/or is distributing a substance in a way which would lead a reasonable person to believe it is an illegal drug, it will be treated the same as the use/possession/distribution of an illegal chemical substance. Over-the-counter and "look-alike" drugs which are used in an inappropriate manner will be treated the same as the use of illegal chemical substances.

"Use" means use before as well as during school or any school-sponsored activity.

"Inappropriate chemical substances" include look-alikes, inhalants, or any mood-altering chemical which has harmful physical, mental or social consequences.

"Possession" is defined as being on one's person, in a book bag/purse, in a locker, or in a car.

"Paraphernalia" includes but is not limited to rolling/wrapping papers, pipes and any other device used for the ingestion of an inappropriate chemical substance.

A student's participation in a drug education program or submission to a professional chemical dependency evaluation will not become part of their permanent record.

Parents/guardians and students are responsible for the cost of a drug education program, any drug screening, professional chemical dependency evaluation, and follow-up on recommendations from the evaluation.

If a parent/guardian conference is necessary pursuant to a violation of this policy, a student may be excluded from school attendance until the conference can be held.

Use/possession of alcohol, other illegal/inappropriate chemical substances, paraphernalia for drug use or look-alike drugs on the way to and from school, at school, on any school property, anywhere during school hours, or at any school activity, will result in:

1st Offense: Suspension, Referral for Counseling Evaluation.

2nd Offense: 10-day out-of-school suspension and possible school board hearing to consider expulsion.

The Oregon Police Department will be contacted for all offenses.

Sale/distribution of, arranging for the sale/distribution of, or intent to sell/distribute alcohol, other illegal/inappropriate chemical substances, paraphernalia for drug use or look-alike drugs on the way to and from school, at school, on any school property, anywhere during school hours, or at any school related activity, will result in:

1. Suspension and possible school board hearing to consider expulsion.
2. The Oregon Police Department will be contacted for all offenses.

Chemical use violations will accumulate throughout a student's high school career.

If a student is suspected of violating school rules and concealing prohibited items, the student is subject to search. In all cases of violations of the student chemical use policy, police will be notified.

ADDITIONAL INFORMATION REGARDING CONSEQUENCES AND STUDENT RIGHTS

RESTORATIVE PRACTICES

Administration at Oregon Junior-Senior High School will utilize restorative practices when appropriate. These strategies may be in place of or in addition to typical school consequences for handbook violations. Restorative sessions aid in responding effectively to wrongdoing, restoring relationships, and building community.

SCHOOL SERVICE PROGRAM/WORK DUTY

The School Service program is an alternative disciplinary agreement between a student, their parents/guardians, and school administration. It involves a student performing an assigned service for the school, which could include work duty. Assignment to this program is at the sole discretion of administrators. The following procedures and rules shall be followed:

- School officials shall determine service projects needing to be done.
- Students assigned to school service projects shall report to the location at the prescribed time with the contact person requesting the work.
- The student shall schedule a time to complete the work with the contact person.

- If the student does not satisfactorily complete the project within the time limits agreed to, he/she will be suspended out of school from one (1) to four (4) days, depending upon the severity of the original offense.

Note: The school assumes no responsibility for injuries or damage to property related to school service project activities

SOCIAL SUSPENSION & LOSS OF PRIVILEGE

A student may be given a social suspension or loss of privilege (LOP) notification per administrative decision due to handbook infractions and/or failure to serve pending consequences. Social suspension and LOP will be determined on a weekly basis with an opportunity for multiple weeks to be assigned during a semester.

Tier 3 infractions may result in social suspension or LOP as assigned by administration

Students who are under a social suspension for a specified period of time could face suspension for activities such as, but not limited to:

- Evening school activities (where the student attends as a spectator, not as a member of the team).
- School dances, including homecoming or prom.
- Club field trips (not related to a classroom graded assignment).

Student athletes who have outstanding detentions due to skipping will be ineligible to practice with their team until their assigned consequences have been served. Students will still be able to attend/participate in games per coach decision.

Students may earn back privileges with service hours, counseling hours, and tutoring per a contract with administration.

DETENTION

Teacher and office detentions are disciplinary measures which may be assigned for various behavioral infractions, and which may be assigned by any teacher or staff member. Most detentions are held 30 minutes at lunch or after school on Monday through Friday. Some detentions administered by the administration may be 2 hours in length. The time and location of the detention will be announced when the detention is assigned.

IN-SCHOOL INTERVENTIONS AND SUSPENSIONS

Period or daily in-school interventions may be applied for students requiring time away from the classroom setting for a specific period of time. In-school interventions or suspensions will take place to redirect inappropriate school behaviors, support the social and emotional well-being of students, and/or to

support off-track students academically. In-school suspension will include a component of written reflection and may include required completion of online coursework for educational purposes.

OUT OF SCHOOL SUSPENSION

In accordance, with public act 99-0456, out of school suspension may be used under the following provisions:

Out-of-School Suspensions Longer Than 3 Days

- May only be used if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (1) pose a threat to the safety of other students, staff, or members of the school community or, (2) substantially disrupt, impede, or interfere with the operation of the school, as determined on a case-by-case basis by school officials.
- Students excluded from school for more than 4 days shall be provided appropriate and available support services during the period of their suspension, as determined by school authorities.

Out-of-School Suspensions for 3 Days or Less

- May only be used if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities, as determined by the school board or its designee.
- School officials shall make all reasonable efforts to resolve such threats, address disruptions, and minimize the length of suspensions to the greatest extent practicable.

Certain rule infractions of the rules will result in a student being suspended. Suspensions may range from 1 to 10 days. The student and parent/guardian have the right to review a suspension, rights are explained below.

- When a student is suspended from school, he/she may not participate in or be present at any school activity or event and is prohibited from being on school property for those days or the weekend following a suspension. Procedure for initiating a review will be explained in the letter informing the parent/guardian of suspension. All tests and quizzes must be taken on the day the student returns.
- If a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit.

Discipline of Special Education Students: the District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

The Alternative to Suspension program will be utilized as frequently as possible for a substitute to student suspension. Program details and referrals will be handled by school administration.

RE-ENGAGEMENT OF RETURNING STUDENTS

The building principal or designee shall host a re-entry meeting to meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Parents/guardians are required to be present with their child to the re-entry meeting on their first day returning from an assigned period of exclusion. A student may *not* return to school until a parent/guardian can be present for this re-entry meeting. Any days missed leading up to the meeting after the exclusion was served will result in unexcused absences. An administrator may make accommodations to this policy for special situations.

ISOLATED TIME OUT, TIME OUT, AND PHYSICAL RESTRAINT

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

CORPORAL PUNISHMENT

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

STUDENT RIGHTS IN DISCIPLINARY PROCEDURES

To ensure that the student receives fair treatment consistent with the fundamental requirements of due process, student suspensions are made according to the following procedures:

1) Out-of School Suspension/Bus Suspension

- a. A student must be given the opportunity to present information on their behalf prior to suspension. The suspension shall be reported immediately to the parents/guardians of each suspended student, and to the Board of Education through the Superintendent of Schools. The report to the parents/guardians shall be made by letter through the U.S. mail. A copy of this letter will be sufficient

notification to all others. If the situation is such that the physical well-being of the student, other individuals or the property of the school district are in jeopardy, then the student may be suspended immediately and given an opportunity for a hearing within 24 hours.

- b. The suspension letter shall give a full statement of the reasons for the suspension and notice to the parents/guardians of their right to review. The procedure for review, if requested, shall be as follows:

- 2) All requests for review shall be made by the parent/guardian within five (5) days after receipt of notice of suspension and shall be made to the person ordering the suspension.

- 3) The parent/guardian requesting the review shall appear and discuss the suspension with the hearing officer appointed by the Board and may be represented by counsel. Hearings shall be held within five (5) days after receipt of the request for review.

- 4) Thereafter, the hearing officer shall report to the Board, by written summary, the evidence heard at the meeting.

- 5) Upon receipt of the report, the Board may take such action as it finds appropriate.

EXPULSION BY THE BOARD OF EDUCATION

In accordance with Public Act 99-0456, the following provisions will apply to expulsion:

Expulsions

- Expulsions may only be used if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (1) pose a threat to the safety of other students, staff, or members of the school community or, (2) substantially disrupt, impede, or interfere with the operation of the school. These determinations shall be made on a case-by-case basis by school officials.
- A school district may refer an expelled student to appropriate and available support services.

Expulsion is the removal of a student from school for a period of time ranging from in excess of 10 days to two (2) calendar years for gross disobedience or misconduct. In addition, if a student is suspended or expelled for any reason from any public or private school in this state or any other state, the student must complete the entire term of the suspension or expulsion from that institution before being admitted into Oregon High School.

1. Upon the recommendation of the Superintendent, the Board of Education may expel students guilty of gross disobedience or misconduct. Expulsion shall take place only after the parent(s) or legal guardian(s) of the student have been requested to appear at a meeting with a hearing officer, appointed by the Board of Education, to discuss their child's behavior. Counsel may be present as well. Such a request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The hearing officer at such meetings shall state the reasons for expulsion and the date on which the expulsion is to become effective.
2. The Superintendent shall communicate the results of the hearing and action of the Board to the parent(s) or legal guardian(s) by registered or certified mail.

3. When a student's misconduct or disobedience is such that an expulsion hearing will be held, the student will be suspended up to ten (10) days pending the Board hearing.
4. When a student is suspended from school, he/she may not participate in or be present at any school activity or event and is prohibited from being on school property through the term of the expulsion.
5. When a student returns from an expulsion, administration and counselor will work with the student to develop a transition plan for their return to the high school.

Public Act 97-495: Educational Rights of Expelled Students

Upon expulsion of a student, the public school district from which the student was expelled is obligated to provide the expelled student with contact information for all relevant alternative education programs. The public school district from which the student was expelled has no further obligation to the student, except in the case of a student with an IEP.

SCHOOL RESOURCE OFFICER/POLICE – SCHOOL INTERACTIONS

The school administration and staff will work cooperatively with law enforcement officials toward maintaining a safe and orderly school environment. Oregon CUSD #220's School Resource Officer (SRO) Program is a joint program between the Oregon Police Department and the Oregon School District, which provides a full-time officer for all of the Oregon schools, K-12. The purpose of the SRO is to build relationships between law enforcement and the school and to create and maintain a safe learning environment for the school's students, teachers, staff and daily visitors. The officer will provide assistance with investigations related to the Oregon Schools and will work with school staff on enforcing the guidelines laid out in the schools' student handbooks. The SRO can also provide law-related education within the classroom. The SRO has an office at Oregon Junior-Senior High School and is available for meetings with any parent/guardian, teacher, or student in any of the Oregon Schools.

Sharing of Information: Criminal Activity by Students

In accordance with the Illinois School Code, 105 ILCS 5/10-20.14, the Illinois State's Attorney's Office, through its Probation Department, shall notify the principal or her/his designee of all students who are placed on probation by the Juvenile Court. School officials shall provide probation officers with all information requested regarding these students' attendance, discipline and academic progress. In addition, officers of the court may share other information regarding juvenile offenders with the principal or their designee if it is felt that the information is for the offenders' welfare. Any information shared in this manner will be strictly confidential.

1) The SRO and law enforcement officials will share with the principal and/or their designee, information on all students 17 years of age and older who are arrested for felony offenses or other offenses which may have an impact on the operation of the school.

2) School officials will share, with the SRO and necessary law enforcement officials, information regarding student actions on campus which may be considered violations of the criminal code. Specific instances where student actions will be reported are noted throughout the student code of conduct elsewhere in this

handbook. In addition, the principal or her/his designee may share other information with law enforcement agencies which she/he feels may be useful in the investigation of criminal activities.

3) When the SRO or law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or his or her designee will be present when possible. An effort will be made to contact the parent/guardian of the child so they may be granted an opportunity to be present or conferenced in via phone during any SRO questioning occurring in cooperation with school administration. This step may be bypassed prior to a student being taken into custody of the SRO in crisis or emergency situations.

4) If custody and/or arrest are involved, the principal will request that all procedural safeguards, as prescribed by law, will be observed by the SRO or other law enforcement officials.

5) Students are authorized to be on the school grounds only while attending classes or school sanctioned activities and events. Students detained by the SRO or other law enforcement officials while on school grounds without permission, or while committing illegal or unsanctioned acts, shall be subject to arrest and/or school disciplinary action.

6) When deemed necessary, the following school staff members shall be authorized to sign complaints with law enforcement officials on behalf of the school district: Superintendent, Principal, Associate Principal/Dean of Students, and Athletic Director.

7) The SRO will work with schools to assist with investigations, searches (including those in which trained dogs are used), emergencies, crowd control, and other situations. During such times, the school administration shall remain in charge. The SRO or other officers shall be considered "agents" of the school, offering assistance as requested. During emergency situations, the administration may request that the officer(s) take charge.

SRO ROLE IN THE SCHOOL SETTING

When the SRO assists in activities that are initiated by school employees and are in an effort to apply the school's code of conduct, the SRO will act in an educator-support mode. Under the direction of a school official, the SRO may join the team of specialists that work together to achieve the education mission. These tasks may include enforcing the code of conduct and referring serious violations for SRO direct intervention. In cases of direct SRO interventions, every effort will be made to first contact a parent/guardian. Questioning from an officer regarding a possible crime committed will not occur without parent/guardian permission, parent/guardian conference, or with a parent//guardian/assigned parent-representative present. This step may be bypassed prior to a student being taken into custody of the SRO in crisis or emergency situations.

RECIPROCAL REPORTING WITH LAW ENFORCEMENT

Illinois School Code requires a reciprocal reporting system between law enforcement agencies and schools. Therefore, it is the policy of Oregon Public Schools to share information regarding illegal or

controlled substances, weapons, gang activity, serious crime or felony, or any other information that might be beneficial with local law enforcement agencies.

EXTRA-CURRICULAR ACTIVITIES POLICY OF OREGON SCHOOL DISTRICT #220

The Board of Education believes that the opportunity for participation in a wide variety of student-selected extracurricular activities is a vital part of the student's educational experience. Such participation is a privilege that carries with it responsibilities to the school, to the activity, to the community, and to the students themselves. The student, by accepting this privilege, is a representative of the Oregon School District through participation and must act accordingly in the community.

To further its belief that extracurricular activities should be activities of which the students and the community can be proud, and to further its legitimate concerns with regard to preventing, deterring, and detecting drug use and protecting the safety and health of its students, the Board of Education has adopted the Extracurricular Code of Conduct and Drug and Alcohol Testing Program which shall be implemented in conjunction with this Policy. Student participation in school-sponsored extracurricular activities shall be contingent upon adherence to such Code of Conduct and Testing Program.

This Policy, as well as the Code of Conduct and Drug and Alcohol Testing Program referenced above, shall be applicable to all students who participate in school-sponsored extracurricular activities in grades 6 through 12.

REQUIREMENTS FOR PARTICIPATION IN ATHLETIC ACTIVITIES

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse, or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Exemption Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Program.
5. A signed agreement by the student and the student's parent/guardian authorizing compliance with the School District's Extracurricular Drug and Alcohol Testing Policy;
6. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Eligibility for most athletics is also governed by the rules of IHSA and, if applicable, these rules will apply in addition to this Extracurricular and Athletics Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

ATTENDANCE POLICY

Students not in attendance for at least one-half day (four periods not including lunch) will not be permitted to participate in extracurricular activities, including practices, athletic contests, student council activities, etc. If it is learned that a student has participated without having met the attendance minimum, the student will be prohibited from participating in the next two opportunities, i.e. practice or games. Students are expected to sign in/sign out in the office when they arrive or leave during the school day. If a student is absent during the school day, on the day of an event, due to illnesses he/she is not eligible to participate in that day's event. If a student leaves school early due to illness, he/she will not be eligible to participate in that day's event. If a student is late to school, due to illness, they must arrive before 11:15 am (more than ½ day) in order to be eligible to participate in the day's event. If the student's absence is due to a pre-arranged appointment (i.e. doctor, dentist, attorney, court, etc.) he/she will be eligible to participate in the day's events. If a student is absent on Friday, he/she will still be eligible to attend/participate in events on Saturday or Sunday.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

Additionally, a student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Coaches may have rules and consequences, which go over and above this policy. However, those additional measures must be communicated to participants at the time of student involvement in the

activities. Offenses occurring during the school day or during school related activities both home and away, will fall under normal disciplinary measures in addition to the extracurricular policy.

AWAY CONTESTS

Transportation will be provided for away games, meets, matches, music contests and festivals, academic bowl, etc. It is expected that students will ride the bus to and from events--especially athletic contests. However, if the student is not going to ride the bus to or from an event, the student may ride with and only with the parent/guardian. Furthermore, the coach, advisor, or director must be notified prior to the actual alternative transporting of the student. The parent/guardian must provide a written note or sign the coach's/advisor's check out form before leaving the activity. This procedure has been instituted to ensure student safety and to provide accurate record keeping.

BUSING AND TRANSPORTATION

The district provides transportation for extracurricular events. Please note the rules for student behavior on extracurricular buses and the rules for alternative transportation of students.

BEHAVIOR

Students who exercise the privilege of participation in extracurricular activities are expected to maintain habits and behaviors which reflect favorably upon the school, and such expectations apply at all times, including non-school time. Any student participating in an extracurricular activity will follow the policy adopted by the Board of Education.

MODIFICATION OF ATHLETIC OR TEAM UNIFORM

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with requirements of the student's religion or the student's cultural values or modesty preferences.

GRADES 6-12 OCUSD EXTRACURRICULAR ACTIVITIES POLICY

6-8 JUNIOR HIGH ACADEMIC ELIGIBILITY FOR PARTICIPATION

In order for a student to remain eligible for extracurricular involvement, whether athletic or non-athletic, he or she must not be failing more than one class on a weekly basis. Sports competing through the Illinois Elementary School Association (IESA), currently bowling and track, are subject to their “No Pass/No Play Policy.” This policy requires athletes to be passing all classes on a weekly basis to be eligible to compete. The previous quarter grade will be used to determine eligibility during this first two-week period of the activity. If a student is ineligible on a weekly basis, he or she is permitted to attend practices and games but may not suit up for games.

Furthermore, if a student receives more than one failing grade for the semester, he or she will be ineligible for the following semester or until the failing grade has been made up through remediation. A student who is ineligible for a full semester is totally disqualified. He/she will not be carried on a team roster, nor may he/she practice for the entire following semester.

9-12 High School Academic Eligibility for Extracurricular Activities

A student wishing to participate in extracurricular activities must maintain their academic eligibility. For IHSA sanctioned activities, a weekly check on the student’s academic progress will be made. The student must be passing six out of seven classes to be eligible for competition. Also for IHSA sanctioned **or conference** activities, the student must have passed six (6) classes from the previous semester to be eligible to participate in competition for the following semester. (Note: This standard does not apply to incoming freshmen students from 8th grade).

It is at the coach’s discretion as to allow students who are declared ineligible at the weekly check to travel with the team to out of town contests/events held on nights prior to school being held the next day (i.e. typically Sunday-Thursday)

Student Athlete Concussions and Head Injuries

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

Student athletes must comply with Illinois’ Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District’s return-to-play and return-to-learn protocols.

A copy of the Return-to-Play protocol can be obtained at the Athletics or Trainers Office. Return-to-Learn protocols can be located from the nurse's office.

Extra-Curricular Code of Conduct and Drug and Alcohol Testing Program: Grades 6-12

To further its belief that extracurricular activities should be activities of which the students and the community can be proud, and to further its legitimate concerns with regard to preventing, deterring, and detecting drug use and protecting the safety and health of its students, the Board of Education has adopted this Extracurricular Code of Conduct and Drug and Alcohol Testing Program. Student participation in school-sponsored extracurricular activities shall be contingent upon adherence to such Code of Conduct and Testing Program, as indicated below.

I. GENERAL PROVISIONS

A. ADMINISTRATION:

This Extracurricular Code of Conduct and Drug and Alcohol Testing Program shall be administered by the Building Principal and the Activities Director. It shall be applicable to all students who participate in school-sponsored extracurricular activities in grades 6 through 12.

B. TYPE OF POLICY:

1. Seasonal Activities: Academic Bowl, Baseball, Basketball, Bowling, Cheerleading, Color Guard, Cross-Country, Dance/Poms, Football, Golf, Marching Band, Soccer, Softball, Statisticians, Theatre Productions, Track, Volleyball, WYSE, Wrestling
2. Non-Seasonal Activities: Adventure Club, Band, Choir, FFA, Health Careers, International Club, Key Club, Jazz Band, Spirit Squad, Student Council, Yearbook, Class Officers, plus any other group sanctioned by the Board of Education.

C. WHEN IN EFFECT:

The Extracurricular Code of Conduct and Drug and Alcohol Testing Program shall be in effect 365 days per year (366 during leap years), **24 hours a day**. Students will be subject to the policy at the junior high and high school levels. The number of violations are cumulative over a student's extracurricular career at each level. Any violation during junior high school will not apply to the high school. However, an applied consequence as a result of a violation from the junior high would carry over to be completed in high school

D. CONSENT FORM:

To try out for or to participate in any school-sponsored extracurricular activity, the student and the student's parent/guardian must read this policy and sign a consent form. By signing the consent form, the student and the student's parent/guardian agree that the student will abide by the terms of this Code of Conduct and Drug and Alcohol Testing Program. The student and the parent/guardian will have an opportunity to attend a meeting with the Activities Director and the appropriate Coach or Sponsor, at

which time the Extracurricular Activities Policy will be reviewed. The signed consent form will be valid for a calendar year, but must be signed on an annual basis in order for the student to retain eligibility for participation in school-sponsored extracurricular activities. If either the student or the parent/guardian refuses to sign the consent form, the student will not be allowed to participate in any extracurricular activity until the consent form is signed by both the student and the parent/guardian.

Use of Social Media by Students Participating in Extracurricular Activities

Students participating in extracurricular activities are representatives of Oregon Junior-Senior High School. As such, comments posted by students using social media shall not be profane, abusive, or derogatory. This includes but is not limited to comments made towards other students, teammates, coaches, or school staff. If an administrator, coach, faculty member or advisor is notified by a source he/she deems sufficiently credible as to such comments, coaches and club advisors have authority to issue team consequences for violations.

II. CODE OF CONDUCT

A. DEFINITION OF OFFENSES:

The following behavior shall constitute “offenses” which shall subject the offending student to the Consequences listed in Subsections II.D., II.E. and II.F. of this Code of Conduct and Drug Testing Program, whether the behavior occurs on or off school property, or during or outside of school hours:

1. Use or possession of drug paraphernalia, alcohol, marijuana, cocaine, inhalants, or other controlled substances.
2. Use or possession of nicotine products, including vapor devices.
3. Commission of theft, vandalism, trespass, or other conduct that is a violation of the criminal code, with the exception of minor traffic offenses;
4. Participation in, encouragement of, or facilitation of hazing.
5. Participation in, encouragement of, or facilitation of flagrantly inappropriate behavior.
6. Behavior that constitutes gross disobedience or misconduct under the Board Policy addressing Student Discipline (**7:190**).
7. Participation in hazing and bullying:

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. *Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a detrimental effect on the student's or students' physical or mental health;

3. Interfering with the student's or students' academic performance; or
4. Interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by the school.

Examples of prohibited conduct includes name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

B. DETERMINATION OF OFFENSES:

1. If an administrator, coach, or advisor witnesses an offense, as defined above, the student shall be presumed to have committed the offense.
2. If a non-school adult who is supervising an activity witnesses an offense, he/she is encouraged to report the violation to the administrator in charge who will immediately investigate the potential offense. The investigating administrator shall determine whether or not the offense occurred and report the finding to the student's building Principal.
3. If the administration learns that a student is charged under Federal or State criminal law with an offense involving the use of nicotine, alcohol, drug paraphernalia, marijuana, cocaine, inhalants, or other controlled substances, then the administration will follow up and may determine that an offense has occurred and enforce the appropriate consequence.
4. If a student is convicted under Federal or State criminal law with an offense involving the use of nicotine, alcohol, drug paraphernalia, marijuana, cocaine, inhalants, or other controlled substances, then the student will be presumed to have committed an offense.
5. If an administrator, coach, faculty member, or advisor is notified by a source he/she deems sufficiently credible (**anonymous sources will not be deemed credible**) that a student has committed an offense, the building's Principal or Activities Director shall follow up on the information presented. The Principal's or Activities Director's follow-up may include a meeting with the student. If the student refuses to participate in this follow-up meeting, then the student may be presumed to have committed an offense. Regardless of the Principal's or Activities Director's final determination, the parents/guardians will be notified by the Principal or Activities Director of their conclusions.
6. If a student registers a positive reading on a Breathalyzer or other alcohol consumption testing equipment, then the student will be presumed to have committed an offense.
7. If a student tests positive on the GC/MS drug test, without a satisfactory explanation, as determined by the Medical Review Officer, then the student will be presumed to have committed an offense. (The Medical Review Officer is a KSB Corporate Health Services physician specially trained in drug testing procedures.)
8. Behavior that constitutes gross disobedience or misconduct under the Board Policy addressing Student Discipline (**7:190**).

C. CONSEQUENCES – 1ST OFFENSE:

When the Principal and the Activities Director determine that a student has committed one of the offenses listed in Subsection II.B. above, after determining that the student has not provided a satisfactory explanation for the behavior or positive test result, and the offense constitutes the student's first offense

during their extracurricular career with the Oregon Community Unit School District #220, the following shall apply:

1. The student's parents/guardians will be contacted by Principal or designee and shall receive, by regular mail, written notice that the student has been found to have committed an offense, the type of offense committed.
2. The student, along with their parent/guardian, shall be required to meet with the Principal and/or designee to discuss the violation.
3. The student must successfully complete all recommendations of the administration.
4. A student who has committed an alcohol or controlled substance related offense shall enroll in and complete a formal evaluation at a drug treatment facility (with the exception of a student determined to be a violator of the nicotine possession or use rule). The Principal must receive a copy of the follow-up referral form from the facility before privileges can be reinstated. Recommendations stated on the follow-up referral form must be started before privileges will be reinstated. Any costs associated with the implementation of the recommendations shall be the responsibility of the parent/guardian. Failure to complete or participate in this evaluation will result in a one year suspension from extracurriculars.
5. The student shall perform five hours of community service work within 30 days of the violation. The community service hours must be approved by the Principal and/or Activities Director prior to performing the service. Proof of completion of such service must be provided to one or both of these administrators. Failure to complete this requirement within 30 days will cause the consequence to revert to the standard second offense consequence described in Section 2D.
6. Coaches and advisors may add additional team consequences at their discretion for athletes who have committed a first infraction.

* If the administration deems the offense to be severe enough, there may be additional sanctions imposed up to and including suspension from all extra-curricular activities.

D. CONSEQUENCES – 2ND OFFENSE

When the Principal and the Activities Director determine that a student has committed one of the offenses listed in Subsection II.B. above, after determining that the student has not provided a satisfactory explanation for the behavior or positive test result, and the offense constitutes the student's second offense during their extracurricular career with the Oregon Community Unit School District #220, the following consequences shall apply:

1. The student's parent/guardian shall receive, by regular mail, written notice that the student has been found to have committed an offense, the type of offense committed, and the penalty that will be applied.
2. Non-Seasonal Activity: If the offense occurs when the student is not participating in Non-Seasonal Activities then the student will lose 30 days of participation for the next Non-Seasonal Activity of participation. If the offense occurs while participating in Non-Seasonal Activities then the student shall be suspended from Non-Seasonal Activities and/or competitions for 30 participation days. Participation days for Non-Seasonal Activities are days when school is in session. For band and choir, if no state or conference sanctioned event is held within these 30 days, then the student shall be suspended from the next such event.
3. Seasonal Activity: The student will be suspended from competition in their activity for twenty-five percent (25%) of the contests allowed by the Illinois High School Association in the season

bylaws. If there is less than 25% of the contests remaining in the season at the time of the infraction, the remaining percentage amount shall carry over to the student's next activity. Students simultaneously participating in Non-Seasonal and Seasonal Activities will be subject to consequences in both categories.

4. A student who has committed an alcohol or controlled substance related offense shall enroll in and complete a formal evaluation at a drug treatment facility (with the exception of a student determined to be a violator of the nicotine possession or use rule). The Principal must receive a copy of the follow-up referral form from the facility before privileges can be reinstated. Recommendations stated on the follow-up referral form must be started before privileges will be reinstated. Any costs associated with the implementation of the recommendations shall be the responsibility of the parent/guardian. Failure to complete or participate in this evaluation will result in a one year suspension from extracurriculars.
5. The appropriate coach/advisor shall determine if the offender shall be entitled to participate in practices during a suspension period. This decision shall be made by the coach in consultation with the Activities Director and Principal.
6. A student participating in a uniformed activity who is serving a suspension from extracurricular activities under this Code of Conduct and Drug and Alcohol Testing Program may sit with the club/team at the coach's discretion, but shall not dress in full uniform.
7. A student who has committed an offense is not eligible for Oregon School District awards or honors in the activities he/she was participating in at the time of the offense. The student may receive their numerals or letter, if he/she has met the criteria prior to committing the offense.

E. CONSEQUENCES – 3RD OFFENSE:

When the Principal and the Activities Director determine that a student has committed one of the offenses listed in Subsection II.B. above, after determining that the student has not provided a satisfactory explanation for the behavior or positive test result, and the offense constitutes the student's third offense during their extracurricular career with the Oregon Community Unit School District #220, the following consequences shall apply:

1. The student's parent/guardian shall receive, by regular mail, written notice that the student has been found to have committed an offense, the type of offense committed, and the penalty that will be applied.
2. The student shall be suspended from participation in all school-sponsored extracurricular activities for one calendar year. At the discretion of the Principal and the Activities Director, with the completion of 15 hours of community service, this suspension can be reduced to fifty percent (50%) of the contests allowed by the Illinois High School Association in the season bylaws. If there is less than 50% of the contests remaining in the season at the time of the infraction, the remaining percentage amount shall carry over to the student's next activity. The community service hours must be approved by the Principal and/or Activities Director prior to performing the service. Proof of completion of such service must be provided to one or both of these administrators. For non-seasonal activities, the suspension can be reduced to 60 participation days. Students simultaneously participating in Non-Seasonal and Seasonal Activities will be subject to consequences in both categories.
3. A student who has committed an alcohol or controlled substance related offense shall enroll in and complete a formal evaluation at a drug treatment facility (with the exception of a student determined to be a violator of the nicotine possession or use rule). The Principal must receive a copy of the follow-up referral form from the facility before privileges can be reinstated.

Recommendations stated on the follow-up referral form must be started before privileges will be reinstated. Any costs associated with the recommendations shall be the responsibility of the parent/guardian. Failure to complete or participate in this evaluation will result in a one year suspension from extracurriculars

4. The appropriate coach/advisor shall determine if the student shall be entitled to participate in practices during a suspension period. This decision shall be made by the coach/advisor in consultation with the Activities Director and Principal.
5. A student who has committed an offense is not eligible for Oregon District awards or honors in the activities he/she was participating in at the time of the offense. The student may receive their numerals or letter, if he/she has met the criteria prior to committing the offense.

F. CONSEQUENCES 4TH OFFENSE:

When the Principal and the Activities Director determine that a student has committed one of the offenses listed above, after determining that the student has not provided a satisfactory explanation for the behavior or positive test result, and the offense constitutes the student's fourth offense during their extracurricular career with the Oregon Community Unit School District #220, the following consequences shall apply:

1. The student's parent/guardian shall receive, by regular mail, written notice that the student has been found to have committed an offense, the type of offense committed, and the penalty that will be applied.
2. The student shall be suspended from participation in all sports and school-sponsored extracurricular activities for the remainder of the student's education in the Oregon School District.

G. APPEAL PROCESS:

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction to which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.

To appeal the determination that a student has committed an offense punishable under this Code of Conduct and Drug and Alcohol Testing Program, a student or the student's parent/guardian must submit a letter and any relevant evidence to the Activities Director within 5 business days after being notified, either orally or in writing, of the offense which the student has been determined to have committed. Written notice sent by regular U.S. Mail will be deemed to have been received by the addressee seven (7) business days after the date it was sent.

1. Within ten (10) days after receiving such an appeal, the Activities Director shall convene a meeting with the student and/or student's parent(s)/guardian(s) and district hearing officer. The purpose of this meeting will be to hear any relevant evidence pertaining to the decision.

2. Thereafter, the hearing officer shall report to the Board, by written summary, the evidence heard at the meeting.
3. Upon receipt of the report, the Board may take such action as it finds appropriate.

III. DRUG AND ALCOHOL TESTING PROGRAM

To further its legitimate concerns with regard to preventing, deterring, and detecting drug use and protecting the safety and health of its students, the Board of Education has adopted the following Drug and Alcohol Testing Program, which shall apply to all participants in school-sponsored extracurricular activities in grades 6 through 12.

A. RANDOM SELECTION OF STUDENTS FOR TESTING; INITIAL DRUG TESTING FOR THOSE THAT REQUIRE A PHYSICAL

1. During the school year, all participants in extracurricular activities will be subject to the possibility of being randomly tested for the controlled substances listed in subsection II.B.3. above. Once placed on the random list, participants will remain in the random drug testing pool until graduation from high school. Testing will be conducted at random, unannounced times. The Superintendent or their designee shall assign each participant a number for the time period in which the policy is in effect. Personnel at the drug testing facility will select randomly the numbers of those students who are to be tested. The numbers will be computer generated. Random selection of numbers will not occur on the same day each week.
2. A drug test conforming to the procedures listed in Subsection IIIB below shall be conducted separately of the physical examination when such a physical examination is required by law or Board policy for participation in a school-sponsored extracurricular activity. Please note, this test shall be required annually, with reference to the school calendar, and must have yielded a negative result before a student may participate in a game or contest.

B. NOTIFICATION OF STUDENT SELECTION AND COLLECTION PROCEDURE:

Selected students will be notified to report to the testing site. The student will be escorted to the testing site by the Principal, Associate Principal, Activities Director or designee. The student shall provide a sample of their saliva or urine. The sample will be labeled with the date and the student's number. The Principal, Associate Principal, Activities Director, or designee shall verify with the student the accuracy of the cross-referenced number to assure that it is the student's number. Thereafter, the sample shall be taken to KSB Corporate Health Services, which shall test the sample for the presence of drugs, alcohol, and/or nicotine. Any sample which tests non-negative shall be confirmed using the gas chromatography/mass spectrometry method ("GC/MS"). KSB Corporate Health Services and the testing laboratory shall closely monitor and record the chain of custody of the sample to assure accuracy and anonymity of the testing procedure. The only school personnel who will know of the selection shall be the Superintendent, Principal, Activities Director, and designee.

If a participant is absent from school or off campus and is selected for testing, the student will remain eligible for participation but will be automatically tested on the next date as one of the selected participants. The student will not be informed that their number was selected. If a student is absent the

second time, the administration will make arrangements to have the student tested at the earliest possible arrangement

C. NON-COMPLIANCE:

If an extracurricular participant refuses to be tested or is in school on the day to be tested but does not show up at the scheduled time, unless excused by the Activities Director and/or Principal, the participant will be given an opportunity to explain their refusal or failure to appear. If the Principal or the Activities Director determines, after hearing the participant's explanation, that it is inadequate, the participant will be considered a positive test and will be subject to the consequences specified in Subsections II.D., II.E., and II.F. above. Any extracurricular participant selected for testing who is in attendance on the day of testing and leaves campus/school before completing the test will be considered a positive test, unless excused by the Activities Director and/or the Principal, and will be subject to the consequences specified in Subsections II.D., II.E., and II.F. above. Any extracurricular participant that has a test which is determined to have been altered or "masked" in any way shall be considered a positive test and will be subject to the consequences specified in Subsections II.D., II.E., and II.F. above.

D. MEDICATION:

If an extracurricular participant selected for testing has been or is taking prescription and/or non-prescription medication, the participant must provide verification (either by a copy of the prescription or by doctor's authorization) to the Medical Review Officer upon request. If the Medical Review Officer determines, after hearing the student's explanation, that it is inadequate, the student will be subject to the consequences specified in Subsections II.D., II.E., and II.F. above.

E. TESTING FACILITY:

The Superintendent shall select a licensed medical facility at which this Drug and Alcohol Testing Program shall be administered. The Superintendent shall take all reasonable measures to ensure that staff at such facility take every reasonable precaution to collect an unadulterated specimen during the collection process and provide an accurate chain of custody for each and every specimen.

F. NOTICE OF NEGATIVE RESULT:

The parents/guardians of a student who tests negative will be notified by mail. The notification will occur within (5) days of Oregon School District's receipt of information.

G. PROCEDURE FOR NON-NEGATIVE RESULT:

If a student's sample tests are non-negative under the GC/MS test, the student and their parents/guardians shall be notified by phone or personal contact of the results by the Principal and/or Activities Director. The student and their parents/guardians shall be given the opportunity to provide the Medical Review Officer with information explaining the non-negative result. The student shall be eligible for continued participation in extracurricular activities until the Medical Review Officer makes a ruling. If a satisfactory explanation is not made to the Medical Review Officer, the test result will be considered positive and the student shall be subject to the consequences of the offense specified in Subsections

II.D., II.E., and II.F. above. A student who tests positive may be tested each time the random drug tests are administered thereafter for one calendar year.

H. RETESTING AFTER POSITIVE RESULT:

The student will have an opportunity within twenty-four (24) hours of the notification by the Medical Review Officer of the first positive test results to be re-tested (using one-half of the original sample) in a federally-licensed laboratory of the family's choice and at the expense of the student and the parent/guardian. The Medical Review Officer may consult the medical professionals to evaluate the results of the re-test, taking into consideration any evidence offered by the student and/or their parents/guardians. Should the test be confirmed as positive, and there is not a satisfactory explanation for the positive results, as determined by the Medical Review Officer, the student will be subject to the consequences specified in the Extracurricular Activities Policy.

I.CONFIDENTIALITY OF TEST RESULTS

The results of any test administered under the terms of this policy shall be kept confidential and disclosed only to the student, their parents/guardians, personnel of the drug testing facility, and school officials designated by the Superintendent on a need-to-know basis. The results of the testing shall not be used as a basis for any academic or disciplinary action other than the consequences stated in this Code of Conduct and Drug and Alcohol Testing Program. The results of the testing shall not be reported to law enforcement officials. The test results will not be part of the student's permanent record but will be kept in a separate secure file in the Activities Director's office. The Drug and Alcohol Testing Program does not, however, limit the school district's authority to suspend or expel students under reasonable suspicion of drug or alcohol use, when that reasonable suspicion is based on evidence acquired outside of the Drug and Alcohol Testing Program described herein. Similarly, the Drug and Alcohol Testing Program does not limit the School District's authority to search or test students when reasonable suspicion of drug or alcohol use exists.

J. ENFORCEMENT:

Nothing contained in the Code of Conduct and Drug and Alcohol Testing Program shall prohibit or limit the application of Oregon School District's regular student disciplinary rules and regulations to students, except as described in Subsection III.I. above. The provisions of this Code of Conduct and Drug and Alcohol Testing Program are considered an addition to all other rules and regulations governing student conduct and discipline.

K. EXPENSES:

Funding for the random drug testing program will be provided by Board of Education action. The cost of the drug test at the time of the physical will be at the parent/guardian's expense.
