Re: Playground Proposal
Date: September 2022

Purpose:

OES has the opportunity in conjunction with the Lawrence Foundation with receiving a grant from them to fund new playground resources for OES students. The playground on the Etnyre side of the school which is primarily accessible for upper elementary students has not had new playground equipment in over ten years. OES would like to purchase new playground equipment for students that is safer and more age-appropriate for the upper elementary students.

Procedure:

Bids were sought out from NuToys Leisure Products and Imagine Nation.

- Bids from Imagine Nation ranged from \$43,000 to \$74,000. These prices did not include installation of new equipment or removal of old equipment.
- The bid from NuToys came out at \$46,574 for the equipment and \$21,900 or removal of old equipment and installation of new equipment. By having the company take out the old equipment and installation of new equipment, this allows for purposes of liability to be held to the company.

Funding:

The funding of the new equipment will be through the Lawrence Foundation with their \$50,000 grant and \$18,474 from the OES activity account. OES can supplement the funding of the new equipment through the fundraising that the students participate in each year.

Mission: Educate students to be lifelong learners who are productive, responsible citizens.
