Please note that the contract you'll be signing does require a report from each applicant with the completion of their project or a progress report by December 31, 2024. The report will consist of describing the steps taken to reach the goals, what they have achieved, and challenges towards reaching their goals. Any pictures or quotes from those using the grant items is also welcome. Lastly, a breakdown of how the money was spent, including receipts, should also be contained in the report.

We are excited to partner with you in making a positive change in the community. Let us know if you have any questions.

Sincerely,
