Re: July Board report  
Date: July 11, 2016

### **2015 Summer School:**

DLR had three students in credit recovery summer school classes. Due to ROE budget concerns due to reduced grant dollars, money was not available to pay supervisors. Mr. Mahoney was gracious enough to offer a small stipend to cover the costs, however, I chose to supervise the sessions myself.

All three, two seventh grade girls and one boy, were successful in completing enough course material that will allow them to be promoted to eighth grade.

### **New Teachers to the District/Building:**

Daniel Gale, Health/PE – Dan will have completed three courses in art this summer to bring all endorsements up to speed for this position. He will also continue to coach wrestling at the high school in addition to his teaching assignment.

Jennifer Pierce, Aide – Jennifer comes to us with a wealth of experience which includes teaching at the elementary to collegiate levels. She takes over for Joyce Howlett and will primarily be covering lunch periods, crossing guard duties and classroom support.

### **Administrative Internship:**

Adam Albrecht is currently working toward his Type 75 (general administrative) master's degree. As a result, he has been an intern at DLR for the last few months which will continue throughout the upcoming school year. He was instrumental in conducting our scheduling, handbook and SIP meetings last spring. Later in July he will be presenting to his advisor and me the realignment work the science department has been working through. He will continue his work this year by overseeing our PPAC, calendar, SOAR and various other groups that met periodically.

Respectfully submitted,

Kip Crandall
