

**2018-2019 OREGON HIGH SCHOOL  
GIRLS SOCCER TEAM AGREEMENT**

Oregon Community Unit School District 220, in consideration of the Oregon Soccer Organization having agreed to pay costs associated with the Oregon High School girls soccer team, will allow the Oregon High School girls soccer team to compete during the 2018-19 sports season. The terms and conditions of allowing the Oregon High School girls' soccer team to compete during the 2018-2019 sports season are as follows:

1. The Oregon Soccer Organization shall receive an invoice and be responsible for paying to OCUSD #220 the total cost of the girls' varsity head coach and girls' JV coach (per OEA contract) salaries for the girls soccer team on or before October 15, 2018.
2. The Activities Department shall provide the Oregon Soccer Organization with an invoice for the final costs incurred during the 2018-19 girls' soccer season as soon as possible after the conclusion of the 2018-2019 season. The Oregon Soccer Organization shall be responsible for paying this amount (minus activity fees collected) within 30 days of receiving the invoice.
3. The control of the coaching staff, transportation, scheduling, rules, disciplinary actions, and all other related matters shall be under the direction of Oregon High School.
4. Students participating on the Oregon High School girls' soccer team shall pay the normal district activities fee. Such activities fees will be collected by OCUSD #220 and be deposited into the general education fund of the Oregon School District. The total amount of these fees shall be deducted from the spring "End of Season" invoice given to the Oregon Soccer Organization (described in Sec. 2 above).
5. This agreement shall only bind the parties for the 2018-19 sports seasons. The Oregon Community Unit School District makes no representations that the Oregon High School girls' soccer team shall be allowed to participate in future years. The actions of the Oregon Community Unit School District to allow the Oregon High School girls soccer team to participate during the 2018-19 sports seasons shall not in any way bind the District to allow the girls soccer team or any other school activity to occur in the future by self-funding or other similar arrangements.
