Academics

AP Scores

Organization Summary (Total Students: 58)

	Biol	Calc AB	Calc AB Subs	Calc BC	Chem	Comp Sci Prin	Eng Lang Comp	Eng Lit Comp	Macr Econ	Micr Econ	Phys C: Mech	Psyc	Span Lang	Stat	US Hist	Worl Hist Mod	Total Exams
Number of Exams	27	2	1	1	3	1	1	27	1	1	1	2	3	12	25	3	110
Average Score	2.7	3.0	2.0	2.0	3.0	3.0	5.0	2.8	3.0	4.0	4.0	4.0	1.3	2.0	1.7	4.0	2.5
Percent of Exams with Scores of 3 or Higher	56%	50%	0%	0%	67%	100%	100%	70%	100%	100%	100%	100%	0%	25%	16%	100%	49%

- Students can take AP exams even if we don't teach the class. This was the case for many tests you see here.
- Project Lead the Way pathway prepares students for the Computer Science test
- 3 seniors in Spanish wanted to attempt the AP Spanish test and several other students took various other tests they felt confident about
- AP Classes we teach: Biology, Statistics, English Lit, US History

Summer School

- July 11-28
- We have 15 students in our math summer school program; 31 recovering various other required classes and 10 7th and 8th grade students working on ELA and Math skill building.
- Summer school is designed to help students recover credits. There is also a small group of students who are working to move ahead a level in math.

School Improvement Planning – OJSHS

- The OJSHS School improvement team participated met on July 7 to discuss our data and school improvement plan. We will present our plan at the August board meeting.
- Our admin team at OJSHS has been coordinating on the last few details of the transition/move of the junior high to the high school. All furniture should be moved by July 15, so staff can start to unpack their rooms on July 18.

Cell Phone Policy 2021-2022

- No cell phone use, for any reason, in class
- Cell phones/headphones permitted during passing periods and at lunch
- All classrooms will be equipped with cell phone lockers, where phones will be stored and locked

Academics | Activities | Service | Leadership

- I have received some emails from students and one parent expressing their opinions/concerns. They are mainly concerned that they won't have their phones in case of emergency. Teachers will have the discretion to issue phones back to students in case of emergency. In addition, should there be a crisis situation, the entire phone locker can be taken out of the building and/or students are able to grab phones quickly out of the lockers.

This is the cell phone locker that will be placed in every classroom.

Summer Professional Development & Other Important Summer Dates

July 18 - All stuff will be moved into rooms; rooms will be ready to set up

July 26 - ThinkCerca training (elementary in the AM and OJSHS in the PM) – As a reminder ThinkCerca is a research-based writing program that is designed to grow students' writing skills and improve overall structure and mechanics of writing

July 27 - OJSHS Boot Camp (we will be going over all things related to our "new" school) – specifically we will be touring the building, discussing administrative and support staff roles, discussing the staff guidebook, talking about various teams and their roles and reviewing the MTSS problem solving model

August 2nd – Curriculum/Climate night for all 7-12 parents – Kip, Heidi & Shannon will be discussing curriculum maps/academic outcomes and building climate & culture with all interested parents in the OHS gym

Aug 5th - Lighthouse team retreat with Jennifer and Kelli White from Covey – at this retreat we will be discussing our pacing and LIM curriculum, MRA data and desired outcomes and setting goals for the year.

August 11th - Orientation for 7th /8th grades (6:00) and Freshmen (7:00); Athletic/Activity fair from 7-9:00 and athletics meeting at 7:45
