Subject: field trip request - BOE

Dear Mr. Nelson, Dr. Mahoney, OCUSD BOE members,

Club 9 is requesting approval for the following trips:

Emily Logan would like to plan a trip to **Great America Fright Fest** for Sunday, October 15. If we have a group of 15+, tickets are \$10 less/person. We are requesting a bus for the trip in the hopes of having +15 committed students. We are willing to accept a designated minimum from the BOE. Our alternative plan is a van for the up to students who organized and paid for the trip.

Pierce Howey and friends would like to plan a trip to **Comic Con San Diego** for July 2018 or July 2019. Like Boston, this trip will take a significant amount of planning (and aspirin, for me). So far, the potential group has discussed planes, trains, and automobile (school van) as modes of transport. Living arrangements would include hotels and/or camping. I do not know if they will be able to organize and fund raise in time for this summer; but we would like to begin the process. I am requesting the BOE's blessing, and possibly a van + one tank of gas.

If the BOE would ever like to see our trip photos, we would be happy send them along.

alice
