2016-2017 SIP Update

Goal I: Oregon High School staff and students will develop a stronger sense of community during the course of the 2016-2017 school year.

Last survey administered on May 5th. We should have results for entire year by early next week. Overall effectiveness will be if means shift upward for majority of categories/questions since beginning of the year.

Goal I I: 50% of Oregon High School Students will improve their Hawk Profile (based on Academics, Service, Leadership, and Activities) Index before the end of the school year.

- I've met with all study halls, and letter home to parents explaining HPI purpose and how it fits into SIP mailed last week of April.
- Student leadership portal in Power School was open through May 12 to allow teachers to recognize students who regularly show leadership in classroom, activities and clubs.
- Report on overall progress toward this goal will be ready by May 22nd.

Mission: Educate students to be lifelong learners who are productive, responsible citizens.
