## OES SIP 2022-2023

- [SIP spreadsheet](#)
- **What went well:** IAR scores increased in reading and math (school-wide), met growth in math/reading on MAP reading in the spring, staff participation in family activities outside of contractual hours, all scores on the MRA – SEL assessment were in the satisfactory rating (70-79).
- **What did not:** Strong start with SIP goals and objectives in service and leadership; however, second semester decreased in action items. Not all goal areas had measurable outcome capability.
