

September 2016 Oregon High School Principal's Report

Student Athletic Code Violations Updates

- One student received a first sanction.

Faculty and Student Recognition/Other Issues

- Josh Nelson was featured both on television and in print media for his work in bringing the off-the-grid green house to OHS. Links to those stories are below.

<http://www.wifr.com/content/news/Oregon-High-School-unveils-off-the-grid-greenhouse-391522351.html>

<http://www.saukvalley.com/2016/08/23/greenhouse-at-oregon-high-could-teach-us-how-to-garden-indoors-year-round/ayb13wz/>

- **Power Hour** so far has been a success. Specifics on what is going well:
 - 1) No overcrowding in the cafeteria. In fact, we've been able to send second shift kids down on average 15 minutes earlier than we originally scheduled.
 - 2) Students are doing a mostly commendable job picking up after themselves both in the building and outside. I've had to do one reminder via announcements to stay on top of picking up after themselves.
 - 3) Teachers are creating areas for kids to go. Some examples include the "Monastery Room" (room for complete silence), "Guitar Hero" in the library, a math lab for kids who need help during the day, open lab for kids in coding and "Lunch Bunch" group, a carryover from previous years. Kids started an impromptu gaming group located near the admin lot doors.
 - 4) Kids who need to burn energy are, so far, doing it in constructive ways. I've warned them about "no contact" sports/activities. There have also been walks over to Park West to chase Pokemons.

There is some feedback from a few staff members that Power Hour is approximately 10 minutes too long (some kids get antsy by that point). Kids I have talked to have not shared that view. I will continue to monitor and make adjustments as necessary.

Mission: Educate students to be lifelong learners who are productive, responsible citizens.

Welfare and Advisory/OEA and OESPA Issues

- No issues from OEA W&A.

Principal-Parent and Principal Student Advisory Committees

- I will be assembling both PPAC and PSAC in the coming weeks. Specific “work” for PSAC will be examining student survey data for community goal and getting feedback for Hawk Profile Index that Adam and I will be building. I have contacted eight parents to be part of PPAC this year. I’ve gotten two responses to date.

Data Teams

- I’ve created a Google Sheet (a faculty member’s idea) to allow faculty to keep track of data teams that are being formed. Deadline to become part of a data team will be Monday, Sept. 19th.
- One example of one being formed now comes from McMaster and Bunton to make OHS a more eco-friendly school. They are interested in having staff and students alike. This team will be looking at data in regards to reducing the ecological footprint of OHS.

CEANCI to WACC

- I’ve spoken with several students to see “how Whiteside is going,” and reports so far are positive.

Open Program

- We have 21 students in the program this year. This is the highest enrollment we’ve had in the program’s three years.
- Aaron Sitze, Cole Davidson, Ellen Recamp and Valeria Flucker-Viteri will be presenting at the Rural Education National Forum Conference in Columbus, OH in October.

Sinnissippi Counseling Services Report for OHS: 2015-2016

- 57.7 hours of service were provided to OHS students.
- 30 students were referred to SAP services, with 10 receiving ongoing treatment during the year.
- 15 students were seen as result of athletic department referrals

Mission: Educate students to be lifelong learners who are productive, responsible citizens.

- Five students were referred to other services either through Sinnissippi or to other providers because further assessment was required
- Reasons for referrals: academic struggles, family dynamics, peer relationships, self-esteem issues, sexual identity, alcohol/drug, personal hygiene, motivation, isolation.

2016-2017 SIP Update

Goal I: Oregon High School staff and students will develop a stronger sense of community during the course of the 2016-2017 school year.

See attached results from student survey administered on 8-25 and 8-26. Results for entire school and broken down by grade attached. Responses to each question consistent across grade levels. Results have been shared with staff, who then shared with students.

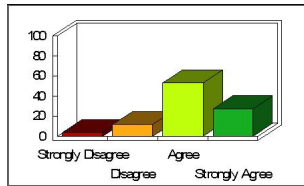

Goal I I: 50% of Oregon High School Students will improve their Hawk Profile (based on Academics, Service, Leadership, and Activities) Index before the end of the school year.

Mr. Larsen and Mr. Nelson in the process of building platform for HPI.

Mission: Educate students to be lifelong learners who are productive, responsible citizens.

Andrew Nelson, Principal **OREGON HIGH SCHOOL** Mike Boyer, Associate Principal
