Subject: Bus Driver

Kelly:

I was hoping you could pass this along:

We had a new family from Elgin move in next door with 2 young boys, one is school age. I have witnessed a few times this school year the POSITIVE exchange between the young boy and his male bus driver. The young boy always waves ecstatically to the driver as he gets on his bike to ride down his driveway. I am unfamiliar with this male bus driver on our route (my address is 999 Cliff Rd, Oregon Silver Ridge Golf Course area), but please make sure he is recognized for such a positive influence on his bus riders. It truly warms my heart to observe the positive interaction!

Have a great weekend,

Kim
